FOR GOVERNOR
Sergeant Sam W. T. Lanham

TO CORRESPONDENTS

We are anxious to have correspondent from each school community in the country tributary to Canyon City.

Rains, conditions of crops and grass, sales of stock when the price, condition and age of stock, and names of parties to the transactions are given are of interest to stockmen. Births, deaths, marriages, persons moving into the community, residents going out, etc. are matters of local interest.

Religious, educational and social matters indicate to the world the attention given to such things.

Strictly avoid mentioning little troubles or other matters that will be unpleasant to any one.

Correspondents will kindly furnish us the name and post office of the school teacher in your neighborhood.

As matters of importance come in late we would urge correspondents to have communications to reach us as early as Tuesday morning to be certain of publication that week. If they are later we will do our best to put them in.

TOT CAUSES NIGHT ALARM

"One night my brother's baby was taken with croup," writes Mrs. J. C. Snider, of Crittenden, Ky., "it seemed it would strangle her before we could get a doctor, so we gave it Dr. Kings New Discovery, which gave it quick relief and permanently cured it. We always keep it in the house to protect our children from croup and whooping cough. It cured me of a chronic bronchial trouble that no other remedy would relieve." Infallible for coughs, colds, throat and lung troubles. 50c and \$1. Trial bottles free at Hadley's.

The Stayer office has put in a telephone to aid us in gathering news from the lower country as well as other purposes. Now help us to make the best paper in the country.

OUR OFFER TO THE PUBLIC SCHOOL OF THE PLAINS

In order to further the school interests on the Plains and show to the outside world what progress Young America is making in the wild west, we will give to the school making the highest "general average" in their studies and deportment" for six months, or the full term of school if the term does not last six months, Webster's Unabridged Dictionary, late edition, with stand to hold it. To the pupil in each school making the highest "general average in all studies and deportment" an appropriate premium to be determined later.

The principal of each school competing must send to THE STAYER for publication, a monthly report giving the names the pupils, the deportment and general average.

A report for the month of October will be included.

The contest will be limited to communities where THE STAYER circulates

A GOOD THING

German Eupion is the special prescription of Dr. A. Boschee, a celebrated German physician, and is acknowledged to be one of the most fortunate discoveries in medicine. It quickly cures coughs, colds and all lung troubles of the severest nature, removing as it does, the cause of the affection and leaving the parts in a strong and healthy condition. It is not an experimental medicine, but has stood the test of years, giving satisfaction in every case, which its increasing sale every season confirms. Two million bottles sold annually. Boschee's German Eupion was introduced in the United States in 1898, and is now sold in every town and village in the civilized world. Three doses will relieve any ordinary cough. For sale by Hadley, the leading druggist.

A FIENDISH ATTACK

An attack was lately made on C. F. Collier of Cherokee, Iowa, that nearly proved fatal. It came through his kidneys. His back got so lame he could not stoop without great pain, nor sit in a chair except propped by cushions. No remedy helped him until he tried Electric Bitters which effected such a wonderful change that he writes he feels like a new man. This marvelous medicine cures backache and kidney trouble, purifies the blood and builds up your health. Only 50c at Hadley's.

The 27th session of the Legislature is dead. After much wind-jamming an appropriation bill was passed, one senator got married, one got buried, they had several pleasure jaunts and quite a number of them stayed at home; but the state footed the bill. The democratic party still lives; all unpleasant investigations were either entirely stayed off or resulted in a liberal coat of white wash and if the dear people are not pleased and happy they ought to be.
